DCI/DDCI Executive Staff

29 November 1988

NOTE FOR: DCI

Attached are talking points and background for your meeting with PFIAB at 10:30 on Wednesday. While this package is rather thick, you do not need to read all of this material. Most of it is just additional background should you want more information on any particular issue. I have set up a pre-brief for you today at 2:00 to cover three of the agenda items:

- The recent START Monitoring Assessment.
- CI concerns associated with U.S. INF inspectors.
- Current economic and political situation in Mexico.
